

# PDRR Update

## April-June 2022

**We started April by finalizing the shower house to receive the trusses and roof. April 22-24 FCF Spring Trace was held. Several other projects were completed – putting metal on the new pavilion, upgrading all lights in the store to LED, fixing several circuits in the house to make them safe, pressure washing the wood on the slide. Finally, April 29<sup>th</sup> and 30<sup>th</sup> the shower house truss and roof was completed.**

**A very special thanks to everyone who came on April 29<sup>th</sup> and 30<sup>th</sup> – major milestone and a lot was accomplished!**

FCF Spring Trace held April 22-23. 96 in attendance and over \$2,000 raised for missions in auction.

In April, George Pentz and Steve Steffel finished plates on top the wall and Steve added the hurricane ties to prepare for truss installation.

There were 18 working at camp on April 29<sup>th</sup> so one team completed the metal on this Pavilion, others were mowing and pressure washing the woodwork on the water slide while the other team was working on the Trusses and Roof of the new Shower House.

---

Chad, Max and Mark adding metal to the eaves to preserve the wood from the elements.

Rob McCoy  
operating the crane,  
lifted each truss into  
place, George  
Stitely overseeing  
operation.

Rowland Troutman and Geroge Stitely adjusting a truss placement, Damon Troutman in background. Looking over the progress of the crane truck picking up the trusses. Brent Heller and another team member installing 2 x 8 eave.

Trusses in place, a few more purlins needed – end of the day April 29

Brent and Riley Heller worked on installing purlins and other wood trim and Roland and others were busy installing the metal roof.

Metal Roof and Ridge Vent Complete – April 30

## District Leaders Conference – May 21, 2022

- Our DLC started with a tour of the PA State Capitol. I failed to get an official complete group photo, but the first picture is in the main rotunda before the tour began and the second picture is in the Supreme Court. We then went to the Ministry Network in Mechanicsburg for lunch and a short meeting and we didn't capture any pictures.
