FACILITIES

We are hoping to have shower facilities at camp. Check to see if the shower house will be open; if not, consider bringing portable camp showers for your site or using the creek. Portable toilets are available and will be conveniently located. Potable Water is available; however, bringing a supply with you will help. Limited firewood is available for cooking and campfires, but it is good to bring some with you. The Amphitheater, used for evening services, does not have permanent seating. Bring portable chairs for assemblies.

SWIMMING

Swimming in the creek during daylight hours is permitted. The average water depth is approximately two to three feet with deeper spots in places. Boys must wear appropriate swim wear. Sturdy shoes must be always worn when in the creek. No water shoes or sandals. For safety reasons, an adult outpost leader or chaperone MUST always escort the boys and the boys should be instructed to use the buddy system to check on each other.
